

"Teddy" Sweeps the Country!

President Roosevelt sweeps the country like a whirlwind. The Republicans carry every northern state and Missouri and Maryland. Roosevelt has 343 electoral votes, and Parker 133. Republicans in new congress 245; Democrats 141. Total Roosevelt pluralities 2,423,892; total Parker pluralities 581,000. Net Roosevelt pluralities 1,823,892. Roosevelt carries Kansas by 100,000; Hoch carries the state by 50,000 to 75,000. All the congressmen are re-elected by increased majorities. All the state officers are elected—Kelly runs way behind.

IT WAS WORTH HER WHILE

Prepared to Stay Two Years—Going to Get Rich.

THE NAMES OF FIFTY-ONE PEOPLE.

The time passed slowly but at last the day of his arrival came. She called on him at an early hour in the day, thinking that could she get in early she would avoid the crowd, but in this she was disappointed, as there were twenty or more in waiting when she came. Her turn finally came. Dr. Rea made a hurried examination and pronounced the case decidedly a curable one, although he said the time required to affect a permanent cure would be from three to six months. Mrs. Wood, afterwards, in speaking of the doctor, said: "He seemed to look clear through me and describe my disease better than I could have told him myself. His magnetic influence and his ability to master the human mind, was such as to give me confidence that I never had before. His terms were reasonable and he made a bargain to cure me. I commenced at once to take his treatment. In ten days I was feeling better; one month, still better; two months, very much better—better than I ever expected to feel again, after having been sick so long and tried so many doctors. At the end of the fourth month I was a well woman. I am now going to Alaska with my husband, continued Mrs. Wood. "We are going to get rich, now that I am well and can help do so. All our arrangements have been made and we shall go prepared to stay two years. Would you like to see my clothes that I have to wear there?" she asked, going to her trunk and taking out some very peculiar looking clothing: two short, heavy, woolen skirts, lined with fur; heavy, calf skin shoes, lined with fleece; leather leggings, for nice wear; two pair of rubber boots, hip length, for bad weather wear; different kinds of thick waists and jackets, and a long fur overcoat that was quite unique and a rather handsome garment; a fur hood to wear with this; also fur mitts, etc. Again speaking of her journey, she said: "I owe all this to my life to Dr. Rea, who is one of the greatest of physicians. His cures are so numerous and of such a miraculous nature, that writers have claimed that many of his cures were miracles. I claim that Dr. Rea can diagnose any disease of any person without asking a question, and that he is the only living physician who can scientifically do so without making any mistakes."

The Louisville Commercial says: "In the treatment of cancers, consumption, tumors, heart troubles, nervous and catarrh, Dr. Rea has no equal in the world." The Evansville Courier says: "There are no experiments in Dr. Rea's practice. Able as he is, to tell anyone his disease without asking a question, he is not likely to doctor his patients for the wrong disease." The Houston, Texas, Post says: "Dr. Rea is the highest authority on chronic diseases and enjoys the largest practice of any living physician. "I know hundreds of the worst chronic cases throughout the country that he has by his superior skill and ability cured, after all others had failed. I have taken great interest in his work and shall never cease to praise him, knowing that he is brightening the hearts of many a poor soul and bringing cheerfulness into the homes of many families. If all proves well in Alaska, I will on my return home, be one of the many whom I have been corresponding with, to assist in arranging a Dr. Rea's Curative League Club, devoted especially to the sick. The following cures have come to my notice: C. I. Larson, Morehead, Iowa, long standing rheumatism, cured in three months; L. P. Lossen, Morehead, Iowa, cured of consumption in three months; J. A. Lang, Onawa, Iowa, chronic stomach and liver troubles; E. D. Jacobson, Washia, Iowa, ulcerated sore leg; Dalstrom, Aurelia, Iowa, nervous prostration; H. H. GOOD SHOES

HUISKAMP BROS' AND
HAMILTON-BROWN MAKES.

We have been selling both these makes of footwear for twenty years and find that it pays to stick to a good thing. One clerk alone sold 21 pairs of these shoes in one day recently and every pair a pair to draw to. That is why we handle them. Old customers come back and ask for shoes "like those I got before." It is also a good time to buy rubber goods, overshoes, etc.

BIG RED APPLES.

A car load of Colorado Redstreaks, a heaping bushel in every box and not a wormy apple in a carload. This is the same apple we handled last year and which proved so satisfactory to both dealer and consumer. Put a few boxes in your cellar at \$1.50 per box. This is 25c less than you paid last year and less than you must soon pay for inferior fruit. They will keep (if you let 'em) and get better every day as long as they last.
